

Name: _____

Student ID # _____

Coral Reef Biology Day 1

Key Vocabulary:

Polyp = _____

Colonial = _____

Solitary = _____

Heterotrophic feeding = _____

Autotrophic feeding = _____

Zooxanthellae = _____

Commensalism = _____

Competition = _____

Parasitism = _____

Predation = _____

Mutualism = _____

Direct Competition = _____

Indirect Competition = _____

Coral Bleaching = _____

Reef = _____

Calcification = _____

Warm-Up:

What do humans need to survive?

- 1.
- 2.
- 3.
- 4.
- 5.
- 6.

What is a coral? _____

Claim: A coral is a _____

Evidence:

- 1.
- 2.
- 3.

Reasoning:

What do corals need to survive?

- 1.
- 2.
- 3.
- 4.
- 5.
- 6.

Coral Reproduction:

Observations:

- 1.
- 2.
- 3.

Coral Growth Forms:

Observations:

- 1.
- 2.
- 3.

Coral Competition:

Observations:

- 1.
- 2.
- 3.
